The Erosion of the Thin Blue Line Aug 23 2019 Sgt. Joe Massey (Retired) shuns the idea of being politically correct with this insider's account of what it's like to be a Washington, D.C. police officer. He leads readers on a series of adventures that span thirty years in law enforcement, beginning as a police rookie in 1983, to his days with the force's elite SWAT team, to his days with the force's Harbor Patrol Branch, and right up to his retirement in 2012. He learned early on that being a police officer is like being an artist: It's open to interpretation. You must make nonbelievers believe and crush anyone who challenges your authority. Over time, his fellow officers became family, and they supported each other through good times and bad. They did their jobs no matter how dangerous the situation—and concerns about public perception rarely entered the equation. Develop a newfound respect for the dangers that police officers face on a daily basis, as well as changes that are leading to "The Erosion of the Thin Blue Line."

The Bike, the Brush Up and the Beauty of the Journey Nov 06 2020 The Bike, the Brush Up and the Beauty of the Journey is the story of a fun-loving, adventure-seeking motorcyclist who survives a near fatal accident, but sustains a traumatic brain injury and numerous physical injuries. It begins with what perhaps is an eerie prediction of what is to come when her bike fails to start and an ominous sign that she should have stayed in that weekend. Peppered with memories throughout her recovery, she relives thrilling moments on the road, albeit with an ornery riding partner she calls Cowboy. She tolerates their acrimonious relationship because of her deep passion for riding and their mutual sense of adventure. With her life in turmoil, she tries desperately to deal with the losses, including her life as she knew it, and struggles with being on the verge of filly; unable to let go of the past, move forward, or start over.
