Written with a range of international contexts in mind, this highly flexible, 6-level course provides coverage of the Cambridge Primary English as a Second Language syllabus. Consisting of an appealing, magazine style Student Book, extensive Workbook and supportive Teacher's Guide, the course offers progression within and across levels. The Workbooks link closely to the Student Books, providing additional activities related to the key topics presented in the Students Books. Learners are able to practise the four skills - Reading, Writing, Speaking and Listening - and build their confidence and understanding of the key vocabulary and language structures covered in the syllabus. 'Thinking Deeper' tasks and projects challenge learners to stretch themselves by spending longer thinking about a topic and investigating it further. The workbooks should be used together with the Student Books, to provide full syllabus coverage and give learners the opportunity to reinforce and consolidate their learning, while

developing fluency and accuracy. Collins is working with Cambridge International Examinations towards endorsement of the course.

aligned lessons for secondary students If you want to revamp your secondary English Language Arts curriculum to reflect the Common Core State Standards, this book is the perfect resource. The authors move the implementation of the CCSS for ELA from the abstract to the concrete by providing adaptable, exemplar lesson plans in each of the CCSS strands: reading, writing, speaking and listening, and language. Each lesson template includes: Intended grade level band, timeline, and the type of student writing involved. Connections to supporting theory, including the Backward Design model. Variations to differentiate the lesson for diverse student populations. Ways to link the lesson to technology and service learning. Reproducible handouts. The lesson narratives also give tips for incorporating technology into lessons and connecting them to enduring theorists in education (Dewey, Bloom, and Gardner). The final section offers collaboration strategies for connecting via

technology to colleagues beyond the school building and working together on CCSS-based ELA lessons. This practical, easy-to-use guide will help you navigate the most efficient route to creating standards-based lessons that optimize student learning.

Academic Writing in a Second or Foreign Language

Jul 27 2019 It can be a challenge writing in a language that is not your native tongue. Constructing academic essays, dissertations and research articles in this second or foreign language is even more challenging, yet across the globe thousands of academics and students do so, some out of choice, some out of necessity. This book looks at a major issue within the field of English for Academic Purposes (EAP). It focuses on the issues confronting non-native-English-speaking academics, scholars and students, who face increasing pressure to write and publish in English, now widely acknowledged as the academic lingua franca. Questions of identity,

English language industry aggressively promotes itself as some sort of “uplifting”, “essential”, “proper” or even “better” means of communication than any other language. Unfortunately, its relentless global outreach is taking place at the direct expense, and the active denigration, of local and regional languages - not to mention individual identities. English Language as Hydra brings together the voices of linguists, literary figures and teaching professionals in a wide-ranging exposé of this monstrous Hydra in action on four continents. It provides a showcase of the diverse and powerful impacts that this ever-evolving, gluttonous beast has had on so many non-English language cultures - as well as the surreptitious, drug-like ways in which it can infiltrate individual psyches.

works better for fluency and comprehension than songs. Songs allow the students to hear and learn the "music of English" by listening and repeating. These excellent videos are professionally produced and are perfect for classroom or home learning for beginners of English. Open Door To English: Musical Dialogues is 32 lessons designed for children from ages 4 to 12. Older students with no background in English may enjoy the videos as well. Music involves the children and supports their ability to understand and remember the new vocabulary. Each lesson introduces approximately 15 words and is presented in story form by four lively children and their mentor as they perform in a colorful stage setting.
