Startup Oct 29 2019 “If I was going to start a new business today I would be sure to study and pay close attention to Kevin Ready’s new book, Startup. His wisdom, experience, and his self-effacing and honest writing make this a real gem for aspiring entrepreneurs and business people of all kinds.” —Bob Beaudine, author of The Power of WHO Startup: An Insider's Guide to Launching and Running a Business is for people who are excellent at something—product or web development, writing code, marketing or selling anything—but who are now toiling for others. Yet they have long had a dream: to take that special skill set and use it, on their own terms, in a startup business. This pattern is romanticized by the media in the form of the “tech entrepreneur”—the guy brainstorming with buddies in a garage who ends up selling his startup for millions. But what is the reality behind stories like that one? For that matter, what mental processes, frames of reference, hard knocks, and lessons learned make up the “back story” behind any startup success? This book not only reveals the actual experience of entrepreneurship, but it provides readers with a set of universal entrepreneurial skills and tools they can use to build a business. Author Kevin Ready has made this journey, and

more than once. He earned his MBA—Master of Bruise Acquisition—through numerous encounters with “situations,” problems, black holes, bad employees, sea monsters, not enough money, and other karate chops to the organizational body. Startup illustrates in detail the lessons he learned the hard way—so you don’t have to. Backed up by stories of both his successes and failures, Ready helps readers learn shortcuts to help them do what eight out of 10 entrepreneurs can’t: Build and sustain a successful start-up. Illustrates the entrepreneurial journey from start to finish Helps readers decide—or not—to start a business Provides dozens of lessons learned and other takeaways budding entrepreneurs can put to use today

An Insider's Guide to the UN Jul 31 2022 This guidebook illustrates the UN system while covering issues as diverse as terrorism, peacekeeping, human rights, climate change, and UN reform.

Fly Me to the Moon Oct 22 2021 When a leaf falls on a windy day, it drifts and tumbles, tossed every which way on the breeze. This is chaos in action. In *Fly Me to the Moon*, Edward Belbruno shows how to harness the same principle for low-fuel space travel--or, as he puts it, "surfing the gravitational field." Belbruno devised one of the most exciting concepts now being used in space flight, that of swinging through the cosmos on the subtle fluctuations of the planets' gravitational pulls. His idea was met with skepticism until 1991, when he used it to get a stray Japanese satellite back on course to the Moon. The successful rescue represented the first application of chaos to space travel and ushered in an emerging new field. Part memoir, part scientific adventure story, *Fly Me to the Moon* gives a gripping insider's account of that mission and of Belbruno's personal struggles with the science establishment. Along the way, Belbruno introduces readers to recent breathtaking advances in American space exploration. He discusses ways to capture and redirect asteroids; presents new research on the origin of the Moon; weighs in on discoveries like 2003 UB313 (now named Eris), a dwarf planet detected in the far outer reaches of our solar system--and much more. Grounded in Belbruno's own rigorous theoretical research but written for a general audience, *Fly Me to the Moon* is for anybody who has ever felt moved by the spirit of discovery.

Secrets of Stylists Nov 10 2020 In this unprecedented insider's guide, fashion industry veteran Sasha Charnin Morrison opens her little black book of celebrity stylists and shares their top secrets on creating unforgettable looks, landing a choice job, and working with the pros. Interviews with key players reveal the ins and outs of the glamorous (and often gritty) world of styling, while hundreds of glossy photos illustrate good (and bad) looks. Full of real-life advice, this guide profiles famous image transformations undertaken by stars like Nicole Richie and Katie Holmes, outlines the essentials every stylist must have on hand (double-sided tape, cutlets, manzierrez, Spanx, and more!) and, most importantly, shows how to get a Choo in the door and then survive in this

ultra-fabulous, ultra-competitive industry.

The Insider's Guide to Inside No. 9 Jan 25 2022 The ultimate companion to unlock what lurks Inside No. 9 Welcome, reader, to the experience of a lifetime: a behind-the-scenes tour of the remarkable Bafta award-winning series. This show-by-show guide reveals the genesis of each episode's idea through to the scripting, casting, design, direction, and production - where you'll have access to the minds and imaginations of creators Reece Shearsmith and Steve Pemberton. Filled with the show's dark humour and behind-the-scenes photographs, production stills, mood boards and concept drawings, you'll find yourself delighted and disturbed in equal measure. Every episode from the first five series will be covered by interviews with key creatives and discussion of the inspiration and creation behind every moment. Are you ready to step through the door marked No. 9?

When the Headline Is You Nov 22 2021 Proven strategies for managing all types of media encounters! Award-winning journalist and Fortune 500 consultant Jeff Ansell provides a how-to guide for leaders, executives, and other professionals whose high-visibility requires frequent contact with the media. Drawing on nearly four decades of media experience, Ansell presents tested techniques for responding to challenging questions and delivering effective messages. In addition, he reveals lessons learned and pitfalls to avoid by referencing recent news events from around the world. Valuable features include: A behind-the-scenes look at how news is made Complete guidelines to creating compelling messages Specific messaging formulae for building trust when the news is bad Step-by-step strategies for managing hostile or relentless questions Insider tips on how to identify and handle misleading questions An essential resource for navigating both traditional and online media, this book prepares readers for even the most challenging media events.

Radio Secrets Jul 19 2021 Radio Secrets is the definitive guide to radio and podcast production and presentation techniques in contemporary talk or music radio, written by a top radio programmer and drawing on interviews with the leaders in their field.

CONFLICT - The Insiders' Guide to Storytelling in Factual/Reality TV & Film Feb 11 2021 "The recipe book of great television from one of the best TV makers in the world" Jamie Oliver Story structure is a huge weakness for many factual or reality filmmakers and TV producers, who often concentrate on subject areas and issues rather than dramatic and memorable narrative. Consequently programmes fail to attract the audience or win any awards. In this book Robert Thirkell, the international consultant known as 'The TV Troubleshooter' and renowned television producer, sets out a professional toolkit for developing a compelling storyline in factual and reality programmes and films. Based on his popular international C.O.N.F.L.I.C.T seminars, it lifts the lids on the making of leading series such as Kitchen Nightmares, Wife Swap, The Apprentice, Coastguards, Firefighters, Oprah's Big Give Fat March,

Jamie's School Dinners and When Big Chef Met Little Chef as well as offering insight and advice from leading filmmakers and TV producers worldwide. The tips and tools go right the way through the filmmaking process from finding stories and characters, to structuring scripts and filming, editing, through to delivery, titles and getting people to watch.

An Insider's Guide to the Mining Sector Nov 30 2019 - In 2003, four mining shares rose over four times in price, with one gaining ten times.- In just the first two months of 2004, 26 mining shares increased more than 20%, with five shares doubling.- Merrill Lynch's World Mining Trust is the UK's best performing fund over the past three years, having risen by over 200 per cent. But is the mining boom about to end? Not according to this book, by Michael Coulson, Chairman of the Association of Mining Analysts. Coulson argues that, if anything, we are still in the early stages of prolonged strength in mining stocks and despite what some commentators are saying, the boom is far from over.
FROM THE BACK COVER
The prospect of instant riches gives the mining sector an obvious glamour. And when the mining sector begins to run it can be an awesome sight and the excitement generated can be every bit as seductive and heady as that which enveloped markets during the internet boom. But due to the counter-cyclical nature of many mining stocks, they can also offer a valuable refuge when stock markets turn down. In this book, Michael Coulson gives a masterly overview of the sector, explains both the rewards and the pitfalls of investing in mining shares and argues convincingly that mining should once again form a core sector for all investors. The book is for anyone interested in mining, and particularly mining as an investment. Whilst it contains material which will be useful to even experienced followers of the sector, its main target is those who are interested in mining but perhaps not particularly familiar with the sector, and would like to know more. All the subjects are covered that are fundamental to acquiring sufficient knowledge about the mining sector to invest in it with confidence.
While the mining s

Bollywood Jan 01 2020 A unique collection of interviews, reviews and behind the scenes articles selected from the works of Fuad Omar and his writings on the Indian film industry.

Biomedical Research: An Insider's Guide Jan 13 2021 This comprehensive yet concise book introduces people at all levels of training—undergraduate, graduate, and medical students, residents, fellows, and junior faculty—to the basic joys and challenges of biomedical research. By discussing many key research issues, would-be and early-stage academics will not only be better informed about the world of biomedical research, but will learn a basic set of instructions to help jumpstart their careers. Biomedical Research: An Insider's Guide is divided into five sections. The first focuses on decision points regarding whether or not to enter research and if so what type: basic, clinical, or translational. The second section focuses on the practicalities of pursuing medical research, including institutional review boards and animal care

committees as well general suggestions regarding idea generation and collaboration. The third section covers a core aspect of research: writing—detailing the evolution of both grants and papers. The fourth section addresses a range of issues, including conferencing to patents to working with industry to obtaining philanthropic support. The final section deals with all-important broader life issues from job choices to being a mentor to thoughts on how to keep the big picture front and center. An invaluable resource that offers insightful, practical advice, **Biomedical Research: An Insider's Guide** reveals how biomedical research can be both challenging and truly rewarding.

An Insider's Guide to Provence Nov 03 2022 In this book you'll find: Coverage of Aix-en-Provence, Arles, Avignon, the Luberon Valley, Nîmes, St-Rémy-de-Provence, and more, with a special focus on the area around St-Rémy. A suggested one-week travel itinerary, plus a list of Keith and Val's ten favorite things to do in Provence. Restaurants with fabulous food, plus Keith's don't-miss local specialties. If you are vegan, vegetarian, or gluten-intolerant, you'll find tips on how to find the foods that work for you. Wineries with excellent wines, friendly tasting rooms, and English-speaking staff—even one that makes wine the way the Romans did! A list of Provence's tempting outdoor markets, by town and by day of the week. The best Roman and pre-Roman ruins, including some that most visitors don't know about. How to explore Provence's rich Jewish history, as the region was once the center of Jewish life in France. Hiking trails with magnificent views, biking routes that everyone can enjoy, plus hidden picnic spots in the beautiful countryside. Hundreds of links to useful websites and maps so you can find your way around. Advice on daily living, such as how to negotiate French toll roads and pharmacies. Insights into local culture (how many kisses to give someone), fascinating local history (the town that banned UFOs), and funny local expressions. Provençal traditions like the annual transhumance, when thousands of sheep march through town. Or the festival of St-Eloi, where horses stroll about with flowers in their manes. And if you want to see young men in tight white pants, don't miss course camarguaise!

The Real Tenerife Feb 23 2022 The most comprehensive guide to Tenerife's resorts, towns and villages available in the English language, written with insight and passion by travel writers who have spent years treading the streets of every town and village, trekking along goat trails in the mountains and revelling at fiestas until dawn (all in the name of research). In short exploring the Tenerife that visitors and even most residents never see...the Tenerife which lies beyond the holiday brochures. Much more than just a tourist guide, **The Real Tenerife** gives you the insiders' view of this surprising, beautiful and diverse Spanish island which lies off the coast of Africa. Inside you will discover: hidden treasures beyond the tourist hotspots, a brief look into Tenerife's past and future, intimate guided tours of towns and villages across the island,

personal photographs from the authors' travels, a guide to Tenerife culture and celebrations; hotel and restaurant recommendations; tips on when, where and how to enjoy the island's fiestas and much, much more... The Real Tenerife gives you everything that other travel guides to Tenerife don't. Previously published as Going Native in Tenerife - revised, updated and additional locations and photographs included as well as additional information on existing locations added in December 2012.

Fakers Aug 08 2020 From the Trojan horse to fake news, scams have run rampant throughout history and across the globe. Some con artists do it for fun, others for profit. . . and every once in a while, a faker saves the world. In this era of daily online hoaxes, it's easy to be caught off-guard. Fakers arms kids with information, introducing them to the funniest, weirdest, and most influential cons and scams in human history. Profiles of con artists will get readers thinking about motivation and consequence, and practical tips will help protect them from falsehoods. If it sounds too good to be true, it probably is--except in the case of this book!

The Milky Way May 05 2020 Explores the Milky Way's structure, genesis, and evolution based on astronomical findings, and acquaints readers with the galaxy's key components and the history of changing galactic perceptions.

How to Get Hired Aug 27 2019 Are you ready for your next career move but want to get ahead of the competition? Most people watch others climb the career ladder and assume they must possess a natural talent that only a lucky few are blessed with. The truth is that the skills needed to get ahead of 99% of other candidates can be learned, and with practice can transform anyone's chances of securing the job of their dreams. How to Publish Your Communication Research: An Insider's Guide Mar 27 2022 This insider's guide to getting published in scholarly communication journals explains what editors and reviewers look for when deciding

which articles should be published and which should not.

Planning and Passing Your PhD Defence Apr 03 2020 The 'Insider Guides to Success in Academia' offers support and practical advice to doctoral students and early-career researchers. Covering the topics that really matter, but which often get overlooked, this indispensable series provides practical and realistic guidance to address many of the needs and challenges of trying to operate, and remain, in academia. These neat pocket guides fill specific and significant gaps in current literature. Each book offers insider perspectives on the often implicit rules of the game -- the things you need to know but usually aren't told by institutional postgraduate support, researcher development units, or supervisors -- and will address a practical topic that is key to career progression. They are essential reading for doctoral students, early-career researchers, supervisors, mentors, or anyone looking to launch or maintain their career in academia. This book is a toolbox for PhD students to plan and prepare for the PhD defence regardless of their scientific discipline or location. The authors discuss various defence formats that are used internationally and identify the main differences and similarities. With international examples, practical strategies, and tips from former PhD students and supervisors, this book unpacks the principles and unwritten rules underpinning the defence. Addressing planning and preparing for the doctoral defence, and what to do afterwards, this book covers topics such as: understanding your defence format preparing for committee questions preparing mentally and dealing with anxiety dealing with corrections, finalizing your graduation requirements and marking the end of your PhD trajectory. This book is crucial reading for students across the world looking to defend their PhD thesis, and also for their supervisors and examiners.

Stem Cells: An Insider's Guide Dec 12 2020 Stem Cells: An Insider's Guide is an exciting new book that takes readers inside the world of stem cells guided by international stem cell expert, Dr. Paul Knoepfler. Stem cells are catalyzing a revolution in medicine. The book also tackles the exciting and hotly debated area of stem cell treatments that are capturing the public's imagination. In the future they may also transform how we age and reproduce. However, there are serious risks and ethical challenges, too. The author's goal with this insider's guide is to give readers the information needed to distinguish between the ubiquitous hype and legitimate hope found throughout the stem cell world. The book answers the most common questions that people have about stem cells. Can stem cells help my family with a serious medical problem such as Alzheimer's, Multiple Sclerosis, or Autism? Are such treatments safe? Can stem cells make me look younger or even literally stay physically young? These questions and many more are answered here. A number of ethical issues related to stem cells that spark debates are discussed, including risky treatments, cloning and embryonic stem cells. The author breaks new ground in a number of ways such as by suggesting reforms to the FDA,

providing a new theory of aging based on stem cells, and including a revolutionary Stem Cell Patient Bill of Rights. More generally, the book is your guide to where the stem cell field will be in the near future as well as a thoughtful perspective on how stem cell therapies will ultimately change your life and our world.

The Black Dagger Brotherhood Jan 31 2020 Prepare to enter the dark, passionate world of the Black Dagger Brotherhood and get up close and personal with each of the Brothers. You'll find insider information on the Brotherhood and interviews with your favourite characters, including a heartbreaking conversation with Tohrment and Wellsie, conducted three weeks before she was killed by lessers. You'll discover deleted scenes in addition to exciting material from the J. R. Ward message boards and the answers to questions about the series posed by readers. You'll learn what it's like for J. R. Ward to write each instalment of the series and, in a fascinating twist, you'll read an interview with the author - conducted by the Brothers themselves.

Allow Me to Introduce Mar 03 2020 "For over thirty years, Lon Milo DuQuette has written incisively about tarot, magick, qabalah, divination, and provided introductory material for the most renowned authors on these topics, such as Aleister Crowley, Israel Regardie, John Dee, Frater Achad, Rodney Orpheus, H. P. Lovecraft, Phyllis Seckler, John Michael Greer, Susan Montag, Donald Michael Kraig, and many others. Collected here are Lon's best writings, each crafted with an eye toward the importance and immortality of the work with his studied insight and scholarship, along with his renowned sense of humor. Considered as a whole, this collection of writings provides an invaluable introduction to many aspects and personalities of the occult and esoteric world by one of the foremost authorities on such arcane subjects"--

The Insider's Guide to Culture Change May 29 2022 Culture transformation expert Siobhan McHale defines culture simply: "It's how things work around here." The secret to the success or failure of any business boils down to its culture. From disengaged employees to underserved customers, business failures invariably stem from a culture problem. In *The Insider's Guide to Culture Change*, acclaimed culture transformation expert and global executive Siobhan McHale shares her proven four-step process to demystifying culture transformation and starting down the path to positive change. Many leaders and managers struggle to get a handle on exactly what culture is and how pervasive its impact is throughout an organization. Some try to change the culture by publishing a statement of core values but soon find that no meaningful change happens. Others try to unify the culture around a set of shared goals that satisfy shareholders but find their efforts backfire as stressed employees throw their hands up because "leadership just doesn't get it." Others implement expensive new IT systems to try to bring about change, only to find that employees find "workarounds" and soon go back to their old ways. *The Insider's Guide to Culture Change* walks readers through

McHale's four-step process to culture transformation, including how to: Understand what "corporate culture" really is and how it impacts every aspect of the way your organization operates Analyze where your culture is broken or not adding maximum value Unlock the power of reframing roles within your company to empower and engage your employees Utilize proven methods and tools to break through deeply embedded patterns and change your company mind-set Keep the momentum going by consolidating gains and maintaining your foot on the change accelerator With *The Insider's Guide to Culture Change*, watch your employees go from followers to change leaders who drive an agile culture that constantly outperforms.

An Insider's Guide to Publishing May 17 2021 "Perseverance is much more important than talent. Because so many talented people fall by the wayside." --James Michener The history of writing is full of authors striving to succeed in a hyper-competitive publishing world, contending with agents, editors, publishers, critics, and sometimes the greatest challenge of all - overnight success. For all of the extraordinary changes that have recently taken place, however, there are a few things that remain the same. Getting published still requires persistence, preparation, and smarts, as well as an understanding of how the business works, where it's been, and where it's going. *An Insider's Guide to Publishing* pulls back the industry curtain for millions of published and aspiring authors, revealing Hemingway's famous feuds, Poe's raving madness, Capote's vengeful wit, and much more. With clever insights and dark humor to spare, David Comfort, a thirty-year veteran of the publishing trenches, explores the achievements and failures of literary masters and editorial workaholics to show readers how they, too, can:

- Use their creativity and composure to overcome publishing pitfalls.**
- Work with agents, editors, publishers, and critics like a pro.**
- Deal with rejection - and success - while avoiding the madhouse.**
- Navigate the pros and cons of both traditional and self-publishing.**

***An Insider's Guide to Publishing* shares the wicked wit and wisdom of some of the craziest and most ambitious authors and editors of all time - proving that even the talented need luck, pluck, persistence, and the inside scoop on this rapidly changing industry in order to succeed!**

YouTube Apr 15 2021 Explains how to view, upload, and share videos with friends and the Internet community using the YouTube website.

***An Insider's Guide to Islam* Sep 28 2019 Islam, the religion of total submission to God, is the belief of more than one fifth of all human beings and is the second largest religion in the world. Despite its large number of followers, little was known about it in America until after the tragic event of September 11, 2001. Unfortunately, the media portrayed Islam negatively after September 11th and distorted its true nature. Hence, some people do not want to hear anything about Islam while many others began to ask many questions about it. *An Insider's Guide to Islam* is a practical guide that explains Islam as understood and practiced by**

Muslims of diverse background. To Muslims, Islam is a way of life and a religion of peace which brings tranquility and harmony to their lives. Islam is a rich culture and a unique tradition which must be understood on its own merits. The author brings insight into what Islam means, how it is practiced and its relationship with other religions. He also analyzes the concept of Jihad, the role of women in Islam and the values that Islam cherishes. The development of Islam in America and the roles that Muslims play in the United States are also elaborated upon in this volume.

Creating Reality Mar 15 2021 Creating Reality: An Insider's Guide To Working In Reality TV is an informative, straight forward book detailing how reality TV is made. With two decades of working in reality TV, author Pete Tartaglia guides the reader through the fundamentals of unscripted storytelling to the nuts and bolts of production, and everything in between. Creating Reality is an ideal resource for media students, reality TV fans and current producers who want to brush up on their craft.

An Insider's Guide to the Medical Specialties Jun 17 2021 As medicine becomes more specialized, doctors working in general medicine and general practice can quickly lose touch with advances occurring in other fields. Never having heard of an investigation, or carrying dated misconceptions as to a prognosis can be frustrating at best, and dangerous at worst. The aim of this book is to strike a balance between refreshing old knowledge and updating the reader on significant advances that have occurred in a particular specialty, with this in mind each chapter is written by a trainee and a specialist in the relevant area. The content will be of interest to consultants and trainees in the medical specialties, general practitioners, and medical students. At times entertaining, irreverent and controversial, this is not a book to be left nestling in the pocket of a white coat or gathering dust on a shelf.

System Design Interview - An Insider's Guide Aug 20 2021 The system design interview is considered to be the most complex and most difficult technical job interview by many. Those questions are intimidating, but don't worry. It's just that nobody has taken the time to prepare you systematically. We take the time. We go slow. We draw lots of diagrams and use lots of examples. You'll learn step-by-step, one question at a time. Don't miss out. What's inside? - An insider's take on what interviewers really look for and why. - A 4-step framework for solving any system design interview question. - 16 real system design interview questions with detailed solutions. - 188 diagrams to visually explain how different systems work.

High Yield Debt Jun 25 2019 Examine the high yield market for a clear understanding of this evolving asset class High Yield Debt is the one-stop resource for wealth advisors seeking an in-depth understanding of this misunderstood asset class. The high yield market provides a diverse opportunity set, including fixed and floating rate debt, high and low quality debt issues and both short- and long-term duration; but many fail

to understand that not all high yield exposure is the same, and that different market segments and strategies work best at different points in the economic cycle. This guide addresses the confusion surrounding high yield debt. You'll find the information you need to decide whether or not to buy in to a high yield fund, and how to evaluate the opportunities and risks without getting lost in the jargon. The U.S. corporate high yield market is worth \$2.4 trillion—more than the stock markets of most developed countries. Market growth has increased the number of funds with high yield exposure, as well as the types of debt products available for investment. This book breaks it down into concrete terms, providing the answers advisors need to effectively evaluate the opportunities on offer. Understand the high yield asset class Learn the debt structures, performance and defaults Evaluate risk and investment opportunities Penetrate the jargon to make sense of high yield investment Over 300 publicly traded funds provide exposure to U.S. high yield, but despite it's size and ubiquity, understanding of the asset class as a whole remains somewhat of a rarity—even among participants. A lack of transparency is partially to blame, but the market's evolution over the past fifteen years is the larger issue. High Yield Debt explains the modern high yield market in real terms, providing a much-needed resource for the savvy investor.

"Rajay Bagaria has written the first book that captures a 360 degree view of the high yield debt market. Whether you are an investor, investment banker, corporate lawyer, CFO or layperson simply trying to gain insights into the fundamentals of high yield debt, this book translates financial and legal concepts, trends and structures of high yield bonds and leveraged loans into a simple, understandable format. Mr. Bagaria's book is a valuable resource for anyone involved in the new issue or secondary leveraged finance markets." —Frank J. Lopez, Co-Head Global Capital Markets, Proskauer

"Bagaria does a great service for both high yield professionals and beginners by providing an accessible, well-written, insightful market primer." —Steven Miller, Managing Director, S&P Capital IQ, Leveraged Commentary & Data

"High-Yield Debt - An Insider's Guide to the Marketplace is a comprehensive book that provides an in-depth understanding of the history, growth, basics and details of high-debt and the high-yield market. The author gives insights that only an experienced professional can provide. The book will be invaluable to readers both starting out and knowledgeable about an important segment of corporate finance, dealing with concepts, structures and performance." —Arthur Kaufman, Retired Partner, Fried, Frank, Harris, Shriver & Jacobson LLP / Member of Adjunct Faculty, Columbia Law School

***Be The Lime* Sep 08 2020 Be the Lime: An Insider's Guide to College takes readers deep into the real issues college students current face in Higher Education. Andrew Lambert pulls back the curtain on many of the nasty little secrets that administrators and faculty would prefer to keep buried. You'll learn how to graduate on time, how, why, and when to get friendly with faculty, how to navigate the many dangers of Greek Life and studying abroad, and much more. Be the Lime cuts through the nonsense to serve up college life as it really is, and shows you how to make the most of it.**

Developing Online Games Oct 10 2020 A soup-to-nuts overview of just what it takes to successfully design, develop and manage an online game. Learn from the top two online game developers through the real-world successes and mistakes not known to others. There are Case studies from 10+ industry leaders, including Raph Koster, J. Baron, R. Bartle, D. Schubert, A. Macris, and more! Covers all types of online games: Retail Hybrids, Persistent Worlds, and console games. Developing Online Games provides insight into designing, developing and managing online games that is available nowhere else. Online game programming guru Jessica Mulligan and seasoned exec Bridgette Patrovsky provide insights into the industry that will allow others entering this market to avoid the mistakes of the past. In addition to their own experiences, the

authors provide interviews, insight and anecdotes from over twenty of the most well-known and experienced online game insiders. The book includes case studies of the successes and failures of today's most well-known online games. There is also a special section for senior executives on how to budget an online game and how to assemble the right development and management teams. The book ends with a look at the future of online gaming: not only online console gaming (Xbox Online, Playstation 2), but the emerging mobile device game market (cell phones, wireless, PDA).

The Frontlines of Peace Sep 01 2022 In *The Frontlines of Peace*, Severine Autesserre, award-winning researcher and peacebuilder, examines the well-intentioned but systematically flawed peace industry. The author sheds light on how typical aid interveners have been getting it wrong, and, more importantly, how a few of them have been getting it right. With real-life examples drawn from across the globe, Autesserre reveals that peace can grow in the most unlikely circumstances, with the help of the most unlikely heroes. She makes the compelling case that we must radically change our approach if we hope to build lasting peace around us--no matter where we live.

***The Insiders' Guide to Becoming a Yacht Stewardess* Jun 05 2020** Part how-to guide, part travelogue, this book not only outlines the step-by-step process to getting a job on a luxury yacht, it also reveals what life is really like aboard these oceangoing toys.
