**Models and Methods in Social Network Analysis** Oct 30 2019 Models and Methods in Social Network Analysis, first published in 2005, presents the most important developments in quantitative models and methods for analyzing social network data that have appeared during the 1990s. Intended as a complement to Wasserman and Faust's Social Network Analysis: Methods and Applications, it is a collection of articles by leading methodologists reviewing advances in their particular areas of network methods. Reviewed are advances in network measurement, network sampling, the analysis of centrality, positional analysis or blockmodelling, the analysis of diffusion through networks, the analysis of affiliation or 'two-mode' networks, the theory of random graphs, dependence graphs, exponential families of random graphs, the analysis of longitudinal network data, graphical techniques for exploring network data, and software for the analysis of social networks.

**Odds-On Basketball Coaching** Jan 14 2021 In basketball, as in most sports, a large part of a coach's responsibility is to prepare his or her team for games. Yet, little time in practice is typically devoted to readying the players and coaches for specific game situations. For instance, what are the various ways to use dead ball moments to maximum advantage? What adjustments should be made to launch a comeback in particular circumstances? When is it favorable to purposefully miss a foul shot? In Odds-On Basketball Coaching: Crafting High-Percentage Strategies for Game Situations, Michael J. Coffino presents an innovative system for coaches to prepare for specific game scenarios. Coffino challenges coaches to think differently about what they emphasize in practice, placing greater value on preparing for recurring game situations, crafting strategies by assessing the odds, and creating a culture that elevates how players think about the game. Each chapter begins with an actual game scenario that illustrates the chapter's content and includes discussions of notable college and professional basketball games in order to demonstrate specific points. Odds-On Basketball Coaching provides a framework for making game decisions beyond instincts and habits. It is intended, more than anything, to stimulate coaches and players to think comprehensively and realistically about how to approach games and practices, fostering an environment where everyone can more incisively make game-time decisions. While high school and youth basketball coaches will find this book most helpful, coaches at all levels will benefit from this novel approach to the game.

**Blood Ties Book Two: Possession** Nov 04 2022 My father always said fear was a weakness. Well, that's easy to say when you don't have to worry about vampire slayers or holy water. I hate fear, but undead life goes on. In the two months since I was attacked in the hospital morgue and turned into a vampire, I've killed my evil sire, Cyrus, fallen in love with my new sire, Nathan, and have even gotten used to drinking blood. Just when things are finally returning to normal—as normal as they can be when sunlight can kill you—Nathan becomes possessed. And then he slaughters an innocent human. Now it's my job to find Nathan before the Voluntary Vampire Extinction Movement does, because they're just waiting for an excuse to terminate him—and anyone foolish enough to help him. But it gets worse. It turns out that Nathan's been possessed by one of the most powerful and wicked vampires alive—the Soul Eater. And who knows what vile plan he's concocted? With the Soul Eater and my possessed sire on the loose, I have a lot to fear. Including being killed. Again.

**Primal Possession** Mar 28 2022 To protect her, he will unleash the beast within... As his pack's second-in-command, lupine shifter Liam Armstrong gives orders and takes what he wants—until he meets red-headed, blue-eyed December McIntyre. Liam knows the human beauty is his intended mate the moment he sees her, but December is far too strong-willed to accept his protection. December, whose brother is the town sheriff, has every reason to mistrust shifters after one killed her youngest sibling. But the forceful and handsome Liam has gotten under her skin in a way she hadn't thought possible, and the desire she feels for him is almost too much to bear. When a radical hate group targets all humans known to sympathize with paranormal beings, December is attacked in her bookstore. Reluctantly, she turns to the only one who can help her: Liam. And he is going to take her to places within herself she never knew existed.

**Bird at the Buzzer** Jun 06 2020 On March 6, 2001, the top two women's college basketball teams in the nation, UConn and Notre Dame, played what was arguably the greatest game in the history of the sport. When UConn's Sue Bird hit a twelve-foot pull-up jumper at the buzzer over national player of the year Ruth Riley in the Big East Tournament championship game, it marked the end of an epic contest that featured five future Olympians and eight first-round WNBA selections. Bird at the Buzzer re-creates this unique season with a detailed account of the games that led up to--and beyond--the tournament final? profiles of the two coaches, UConn's Geno Auriemma and Notre Dame's Muffet McGraw; close-ups of the players who made the year so memorable? and, finally, an in-depth recap of the game worthy of being designated ESPN's first-ever women's basketball "Instant Classic." Author Jeff Goldberg shows us the drama on the court and behind the scenes as the big game pitted Riley and the upstarts from Notre Dame against what many believed was the most talented team in UConn history, under Hall of Fame coach Auriemma. A see-saw affair in which neither team led by more than eight points, the 2001 Big East championship game encapsulates the quintessential inside story of the individual talents and skills, team spirit and smarts, and the moment-by-moment realities of college athletics that made this season a snapshot of sports at its finest.
