**TVR Chimaera and Griffith** Aug 27 2019 TVR's Griffith and Chimaera duo may be named after fierce and frightening mythical creatures, but the prospect of owning either of the cars themselves should be nothing to be scared away by! This book pays no attention to the various myths and tall-tales surrounding these cars, and instead offers buying advice and tips to the potential custodian of either of these brutish British sports cars. Few cars manage to both stir the soul and raise the pulse in the way a TVR can, and the ownership experience can be an extremely rewarding one. Having this book in your pocket is just like having a real marque expert by your side. Benefit from Richard Kitchen's years of TVR ownership and experience, learn how to spot a bad example quickly, and how to assess a promising one like a professional. Get the right TVR Chimaera or Griffith at the right price! Packed with good advice - from running costs, through paperwork, vital statistics, valuation, and the TVR community, to whether a TVR Chimaera or Griffith will suit you and your lifestyle - this is THE COMPLETE GUIDE to choosing, assessing and buying the car of your dreams.

[Parker's Wine Buyer's Guide, 7th Edition](#) Sep 01 2022 Featuring a fresh layout, revised maps, and more detail than ever before, the seventh edition of Parker's Wine Buyer's Guide offers collectors and amateurs alike the ultimate resource to the world's best wines. Understanding that buyers on every level appreciate a good deal, Parker separates overvalued bottles from undervalued, with wine prices instantly shifting according to his evaluations. Indifferent to the wine's pedigree, Parker's eminent 100-point rating system allows for independent, consumer-oriented, inside information. The latest edition of Parker's Wine Buyer's Guide includes expanded information on Spain, Portugal, Germany, Australia, Argentina, and Chile, as well as new sections on Israel and Central Europe. As in his previous editions, Parker provides the reassurance of a simple number rating, predictions for future buying potential, and practical overviews of regions and grapes. Altogether, an indispensable resource from the man the Los Angeles Times calls "the most powerful critic of any kind."

[Thermal Management for LED Applications](#) Nov 10 2020 Thermal Management for LED Applications provides state-of-the-art information on recent developments in thermal management as it relates to LEDs and LED-based systems and their applications. [The Age of the Muscle Car](#) Feb 23 2022 A breed unlike any seen before or since, the powerful, stylish American muscle car defined an era in automotive history. This history traces the rise and fall of these great performance cars from their precursors in the 1950s through the seminal appearance of the Pontiac GTO in 1964 and then year by year to the end in the 1970s. Approachable and nontechnical yet deeply informative, it puts the bygone muscle car in its cultural and aesthetic contexts, describes developments in styling, performance and marketing, and revels in the joys of muscle car ownership in the 21st century.

**Positive Energy Homes** Dec 12 2020 Positive energy homes enable people to live healthy and comfortable lives with energy left over to share. Creating a house you love that produces surplus energy is surprisingly easy with a thorough understanding of how buildings work and careful attention to detail in construction. The Passive House standard, with its well-proven track record, forms the basis for creating positive energy homes. This book explores the Passive House 'fabric first' approach, as well as the science and practicalities of effective ventilation strategies, smart options for heating and cooling, daylight harvesting, and efficient lighting and appliances. Positive Energy Homes provides home owners world-wide, architects and builders with an understanding of the principles and technical details of building these houses.

**Branded Bodies, Rhetoric, and the Neoliberal Nation-state** Oct 29 2019 Branded Bodies, Rhetoric, and the Neoliberal Nation-State, by Dr. Jennifer Wingard, explores how neoliberal economics has affected the rhetoric of the media and politics, and how in very direct, material ways it harms the bodies of some of the United States' most vulnerable occupants. Wingard explains how the state uses certain bodies that will never be accepted as citizens as an underclass in service of capital, and explores how those underclass "bodies" are identified through branding. By showing how brands are assembled to create affective threats, this book articulates how dangerous the branding of bodies has become and offers rhetorical strategies that can repair the damage to bodies caused by political branding.

**LGBTQIA+ Inclusive Children's Librarianship: Policies, Programs, and Practices** Jan 31 2020 School and public librarians are serving ever greater numbers of LGBTQIA+ children and families. Transgender children may begin to express a strong sense of gender identity as early as 2-3 years of age. Children are also identifying as gay much sooner than earlier generations—often between the ages of 7 and 12. Additionally, more children than ever before are living with LGBTQIA+ caregivers. In seeking to make our programs and services inclusive and equitable for these growing populations, librarians may court controversy and face community backlash from patrons who feel queer-inclusive content is inappropriate for young children. This book codifies a set of best practices for librarians as they rise to this challenge, defining queer-inclusive programs, identifying potential barriers to implementation, and offering strategies and resources to overcome them.
