The Art of Drawing Folds Apr 16 2021 From Renaissance fresco painters to contemporary graphic novel artists, the ability to draw clothed figures from one's imagination has always been crucial to artists – and exceptionally difficult to attain. With over 220 illustrations, *The Art of Drawing Folds: An Illustrator's Guide to Drawing the Clothed Figure* reveals the logic and patterns in folds, enabling the reader to more easily predict the behavior of cloth when creating folds in their own drawings and paintings. Addressing folds in clothing systematically, the author provides a clear, concise approach to the analysis, classification and visualization of convincingly naturalistic folds. Starting with the nature of fabric and its geometry, this book methodically explores the reasons for fold behavior based on the construction of clothing and the shapes and actions of the human figure. An essential guide and reference for animators, illustrators, storyboard artists, comic-book artists, 3D modelers, sculptors, fashion designers and students, *The Art of Drawing Folds* simplifies one of the most complex and important aspects of drawing the clothed figure.

The Complete Guide to Anatomy for Artists & Illustrators Feb 24 2022 Originally published in German in 1964, Professor Gottfried Bammes *Die Gestalt des Menschen* is still considered the definitive guide to drawing the human form. Having undergone numerous editions since it was first published and still much in demand today, this, the first ever English translation of the complete work, has been long awaited. Based on the most recent German edition and faithful to the original, it contains over 1200 photographs, diagrams and drawings, including work by the author himself, and spans over 500 pages. Now, both new and experienced English-speaking artists and illustrators can benefit from the vast body of knowledge accumulated and lovingly presented by Professor Bammes in his acclaimed work. This comprehensive guide begins with the history of human anatomy for

artists, and its influence on the development of the artistic visualisation of the body. Bammes goes on to explore in depth the human skeleton and musculature; the proportions of the body; the static and dynamic laws of posture and movement; body language; and the interrelationships of the various elements of the body. Through his systematic and practical approach to teaching, the reader will acquire an in-depth knowledge of anatomy and the ways in which it can be used to express the human form in art.

The Creature Garden Sep 09 2020 The Creature Garden is an illustrator's step-by-step sourcebook for drawing and painting 50 real and imagined creatures in a whimsical folk-art style. With an embossed cover, striking endpapers, and extraordinary interior illustrations, this beautifully crafted book is a unique piece of art in itself. Husband-and-wife illustrator team Harry and Zanna Goldhawk, the founders of Papio Press, teach you how to make vibrant paintings of these beautiful beasts and fictional fauna: Mammals, including big cats, wolves, sloths, and red pandas Marine life, including whales, sea dragons, narwhals, and giant Pacific octopi Birds, including peacocks, cranes, owls, and flamingos Insects, including butterflies, moths, bumblebees, and damselflies Mythical creatures, including mermaids, unicorns, dragons, phoenixes, centaurs, and hippogriffs And more! The Creature Garden begins with the basics, first instructing you on which tools to use, how to create patterns, the importance of keeping a sketchbook, and even avoiding comparison with other artists. The book then navigates through each illustration in a step-by-step manner that is manageable and easy to understand. Each project carefully guides you through each phase of the artistic process, from creating an outline to adding a realistic animal pattern. You'll also learn how to draw botanical patterns from different environments—the garden, forest, jungle, and ocean—that enable you to surround your animal drawings with a natural environment. Full of lush warmth and fairy-tale wonder, The Creature Garden is a wonderful addition to the repertoire of both seasoned artists and novices alike.

Inkscape 0.48 Illustrator's Cookbook Jul 20 2021 Annotation Inkscape is an open source vector graphics editor with an intuitive user interface that has enough depth to make quality graphic designs with an attractive layout comparable to what you would make using Illustrator or CorelDraw. But choosing the right tool and the best approach to creating the desired effect can be challenging. Inkscape 0.48 Illustrator's Cookbook makes it super-easy for you to make your own vector-based graphics with the powerful Inkscape editor. Inkscape 0.48 Illustrator's Cookbook provides you with the latest recipes to quickly create scalable vector graphics. Recipes in this book teach you about some of the most useful time-saving features in Inkscape accompanied by a list of keyboard shortcuts that you can easily memorize. In addition to covering use of Inkscape tools and their advanced features, examples from the recipes uncover solutions to common graphics problems. The book starts off with familiarizing you with the tools and techniques in Inkscape that you can use to draw 2D shapes, calligraphic shapes, and 3D boxes easily. It then guides you through the most common color-changing steps performed in Inkscape along with some convenient procedures that can save your time when dealing with colors. It explains drawing using linear and radial gradients, which are irreplaceable, usage of clones to create interesting effects in illustrations, and live-path effects that can help you speed up constructing a shape and make the process more natural. You will learn how to make those tweaks on some of the ready-made filters, and in the final recipe we will create a filter from scratch. This practical book also contains recipes showing how to use Inkscape as a raster editor and how to achieve photo-realistic effects in Inkscape. For each important technique and skill, you'll see some simple recipes, then some more advanced recipes followed by an explanation of how Inkscape works to produce the desired effects in your illustrations. By the end of this book you will be confident enough to create your own vector-based graphics with Inkscape. Get solutions to common graphic problems to achieve photo-realistic effects with Inkscape.

The Illustrator's Guide to Procreate Jul 08 2020 Unlock your creativity with easy digital illustration techniques. Learn how to create professional-looking art and illustration in Procreate, the industry-leading digital painting app for iPad. In this step-by-step guide you will learn how to create unique art, make seamless patterns, and master all the elements of the software: from layers to selections, how to use brushes, how to tile patterns and everything you need to know to take your art to new digital highs. Artist and illustrator Ruth Burrows takes a beginner-friendly, jargon-free approach to explaining how to get the most from Procreate, delivering not a heavy technical manual but rather, an inspirational workbook that encourages you to play, make mistakes and seek out your own way of using the app. The Basic Tools section introduces essential features and takes you on a quick tour of Procreate. You will learn by doing and if you're unsure of anything later on, you can dip back into this section to refresh your memory. The Projects section takes you a bit further on your 'learning by doing' journey. The first few projects explain techniques step-by-step. There are screenshots of the actual interface so you can see exactly how things work and where things are. The later projects are more art based and look in detail at how the author uses Procreate to make her highly commercial art. By the end of this book, you will be creating digital illustrations that will feel as natural and intuitive as drawing with pencil and paper. As well as mastering the art techniques, you will also find practical advice on how to monetize your artwork, from tips on licensing to how to have your art printed on products, and more.
