Examples have been found in Chinese literature written about AD 1125 which were evidently copied from still older documents. It is recorded that as early as the ninth century magic squares were used by Arabian astrologers in their calculations of horoscopes, etc. Hence, the probable origin of the term magic, which has survived to the present day." Dana was desperately trying to regain custody of Kellan, and Nikki finds boot prints at the scene that belong to someone else. When another child is reported missing, local journalist Caitlin Newport claims the cases are linked: Zach Reeves was taken away from his own mother in a custody battle, just like Kellan was.
