Examining the general principles of liability and focusing on the concept of duty, this book provides reference for practitioners and academics. It considers key developments in legislation, including the Human Rights Act. It contains an analysis of case law with footnotes, and also considers legislative developments and their implications

*The Measurement of Durable Goods Prices* May 05 2020

American business has recently been under fire, charged with inflated pricing and an inability to compete in the international marketplace. However, the evidence presented in this volume shows that the business community has been unfairly maligned—official measures of inflation and the standard of living have failed to account for progress in the quality of business equipment and consumer goods. Businesses have actually achieved higher productivity at lower prices, and new goods are lighter, faster, more energy efficient, and more reliable than their predecessors. Robert J. Gordon has written the first full-scale work to treat the extent of quality changes over the entire range of durable goods, from autos to aircraft, computers to compressors, from televisions to tractors. He combines and extends existing methods of measurement, drawing data from industry sources, Consumer Reports, and the venerable **Scars Free**

catalog. Beyond his important finding that the American economy is more sound than officially recognized, Gordon provides a wealth of anecdotes tracing the postwar history of technological progress. Bolstering his argument that improved quality must be accurately measured, Gordon notes, for example, that today's mid-range personal computers outperform the multimillion-dollar mainframes of the 1970s. This remarkable book will be essential reading for economists and those in the business community.

**The Definitive Andy Griffith Show Reference** Sep 20 2021 On the February 2, 1960, episode of The Danny Thomas Show, entertainer Danny Williams (Danny Thomas) is arrested for a traffic violation by a small-town sheriff named Andy Taylor, played by a good-natured Southern actor named Andy Griffith. Thus was born one of the most popular television shows of the 1960s—The Andy Griffith Show. From the time it officially debuted in October 1960, The Andy Griffith Show was a perennial favorite on CBS, finishing its eight-year run as the top-rated show on television. It also produced some of the most remembered characters (Andy, Opie, Aunt Bee, and Barney Fife) of the era. Each of the show's 249 episodes is fully detailed here, including air dates, cast and production personnel, guest stars, and a bevy of facts about that particular episode. The 1986 television movie *Return to Mayberry* is covered in detail. Brief biographies of the show's major stars, producers, directors and writers are also provided.

history, from "The Howdy Doody Show" and "I Love Lucy" to "The Simpsons" and "The Sopranos," and the personalities, shows, and landmark events that changed entertainment history.

**Death By Ego** Apr 27 2022 Death by Ego provides unique insight into why many early stage companies with great concepts and plans fail. It is a must read for everyone who provides their funding and will change the way investors think about these "opportunities." It also provides a rich set of materials for entrepreneurial-study programs and alerts entrepreneurs to common dysfunctional inclinations. Three objectives for this book: Objective 1: Alert investors to the fact that many entrepreneurs have extremely dysfunctional personality traits so that investors may make better informed decisions and, if they choose to invest, insist on strong governance. Objective 2: Provide true stories about entrepreneurs that failed their companies in order to provide a rich set of material to entrepreneurial-study programs. Objective 3: Remind entrepreneurs about tendencies that may jeopardize their success and the success of their companies. <http://www.deathbyego.net/>

**Drafting Technology Patent License Agreements** Mar 03 2020 In todayand's fast-paced and ultra-competitive high-tech environment, an effectively managed patent licensing program is a must. The Second Editio n of Drafting Technology Patent License Agreements shows you how to achieve one. This valuable resource covers all of the legal and business transactional issues you are likely to encounter during the drafting and negotiation of patent licensing agreements. It guides you step-by-step through the unique aspects of the implementation of a patent licensing program for computers, electronics, telecommunications, and other industries, and it clarifies the issues involved in the enforcement and litigation of these patents. Youand'll find incisive legal analysis on complex issues including: How to implement an aggressive and well-managed patent licensing program How to evaluate a patent or portfolio for licensing How to identify

industry segments and select potential licensees How to discuss terms with industry targets How to formulate an effective licensing strategy How to use databases effectively in patent practice How to organize a licensing team How to file a patent infringement lawsuit And many more critical issues like these. Included with this key resource are 40 time-saving forms on the bonus CD-ROM: Forms for establishing a new technology company using patented technology Confidentiality agreements (for a third-party vendor, third party evaluation, or consultant) A projected royalty stream analysis A semiconductor technology cross-licensing agreement Software technology license agreements Model licensing and patent agreements for the telecommunications industry And many more!

**Frequently Asked Antitrust Questions** Apr 03 2020 This book provides quick, jargon-free answers to common antitrust questions that lawyers face every day. It gives a brief refresher of the antitrust basics.

**Low Risk, High Reward** Aug 08 2020 Contrary to popular belief, most entrepreneurs don't like risk. While they are not afraid to take chances, the most successful entrepreneurs do what they can to anticipate, minimize, and offset risk at every opportunity, insists Bob Reiss, who in his own flourishing entrepreneurial career has managed to turn risk reduction into a science. Now this successful self-starter, whose exploits have been featured in The Wall Street Journal and have become case studies for Harvard Business School classes, shares the lessons of a lifetime. By following his own prescription for managing risk, and using real-life success stories from experienced entrepreneurs, Reiss covers every obstacle the entrepreneur is likely to encounter. Where do ideas come from and how do you get started? Where can you find money and expert advice? How do you hire the best people and build credibility? How do you get orders and reorders? How do you develop and introduce successful products? Should you go public? Through every step in the process, Reiss emphasizes how risk can be anticipated, managed, and significantly reduced. Full of practical suggestions and insights, this easy-to-read book is an indispensable guide for anyone thinking about starting a business and particularly for those would-be entrepreneurs without experience or much capital. It is equally valuable to entrepreneurs looking for ways to make their businesses more successful.

**Premerger Notification Practice Manual** Jan 25 2022 Provides summaries and discussions of informal interpretations given by the Premerger Notification Office of the Federal Trade Commission and enforcement actions brought by the antitrust agencies. [Access Free on southbooks.com](https://www.southbooks.com)

regarding the premerger notification requirements if the Hart-Scott-Rodino Antitrust Improvements Act of 1976 and the Commission's implementing regulations.

**Applied Marketing** Jun 17 2021 Applied Marketing, 2e combines solid academic theory and practitioner experience to help students master the core concepts, gain experience applying marketing principles, and understand how top marketers operate in today's business world. By bridging the gap between marketing principles taught in the classroom and those applied by business professionals, Dan Padgett and Andrew Loos, an academic and an agency owner, offer students an insider's perspective on marketing principles. In addition, this course promotes student-centered learning with an entire chapter dedicated to marketing metrics (Chapter 13) and integrates a continuing case study on a socially conscious company, This Saves Lives, to help students apply their knowledge and develop their critical thinking skills.

*Schroeder's Antiques Price Guide* Mar 15 2021 Antique dealers and collectors are quite aware that bargains are getting harder and harder to come by each and every day. Schroeder's Antiques Price Guide is still a real bargain at \$12.95. Collectors, dealers, and our customers continue to ask how we can produce this huge 612-page book each year for such a low price. It's simple -- we do it by numbers. It's no secret with publishing that the more you

print, the less expensive each book is. So, thanks to all our loyal customers who continue to buy our #1 bestselling title, we are able to keep the retail price low without sacrificing one bit of quality. That is why you get the best for less. In August 1999 we will begin shipping the 18th edition of America's top antiques price guide. Once again we have included over 50,000 listings, each one from all-new sources and carefully checked by an authority on each particular subject. These 600+ expert advisors make sure only the best and most accurate information remains. No one person could possibly be an authority on the over 600 categories that fill this reference, but Bob and Sharon Huxford and their highly respected team of advisors work year-round to make this the most respected, up-to-date guide in the field of antiques and collectibles. Hundreds of sharp original photographs illustrate not only the rare and unusual, but also the common collectibles -- not postage-stamp photographs, but large, close-up shots that show important details clearly. Each subject is presented with history and other background information. Our editors keep abreast of newly developing trends, often adding several new categories a year. If it merits the interest of today's collector, you'll find it in Schroeder's. You can feel confident that the information we publish is up to the minute and accurate. Without a doubt, you'll find Schroeder's Antiques Price Guide the one to buy for factual information, quality, and the lowest retail price.

**New York Magazine** Sep 08 2020 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

**Digital Freedom** Dec 24 2021 In *Digital Freedom*, N.D. Batra explores the tension between the boundlessness of the Internet and the boundaries of the marketplace, as well as the resulting impact on human expression, privacy, and social controls. This book is an exploration of and a meditation on the question: How much freedom does a person need? This question evokes Tolstoy's parable, "How much land does a man need?" Is individual freedom an acquired taste, much like one's love for symphony orchestra? Or, is it a necessity? *Digital Freedom* explores this issue and its far-reaching implications - including surveillance, intellectual property, and copyright - from the perspective of an evolutionary, self-organizing social system. This fascinating system both creates and assimilates innovations and, in the process, undergoes reorganization and renewal.

**A History of Television's The Virginian, 1962-1971** Jun 25 2019 On September 19, 1962, *The Virginian* made its primetime broadcast premiere. The 1902 novel by Owen Wister had already seen four movie adaptations when Frank Price mentioned the story's series potential to NBC. Filmed in color, *The Virginian* became television's first 90-minute western series. Immensely successful, it ran for nine seasons—television's third longest.

running western. This work accounts for the entire creative history of *The Virginian*, including the original inspirations and the motion picture adaptations—but the primary focus is its transformation into television and the ways in which the show changed over time. An extensive episode guide includes title, air date, guest star(s), writers, producers, director and a brief synopsis of each of *The Virginian*'s 249 episodes, along with detailed cast and production credits.

*The TV Guide Book of Lists* Oct 29 2019 A compilation of TV trivia contains 175 lists that highlight some fifty years of TV series, characters, famous episodes, and celebrities, including such lists as "Soap deaths that shocked viewers," "10 most memorable dance moments," and "50 greatest shows of all time."
