C Day-Lewis Mar 02 2020 How unfair', wrote one national newspaper in 1951, 'that accomplishments enough to satisfy the pride of six men should be united in Mr Day-Lewis.' Poet, translator of classical texts, novelist, detective writer (under the pen-name Nicholas Blake), performer and, at that time, Professor of Poetry at Oxford, C Day-Lewis had many careers all at once. This first authorised biography tells the private story behind the many headlines that this handsome, charming Anglo-Irish Poet Laureate generated in his lifetime. With unparalleled access to Day-Lewis's archives and the recollections of first-hand witnesses, Peter Stanford traces the link between life and art to reassess the work of a poet lauded in his lifetime but whose literary reputation has latterly become a matter of controversy with Westminster Abbey refusing him the place in Poets' Corner traditionally allotted to Poets Laureate. Day-Lewis first made his name as one of the 'poets of the thirties', launching a communist-influenced poetic revolution alongside WH Auden and Stephen Spender that aspired to spark wholesale political change to face down fascism. In the 1940s, 'Red Cecil', as he had become known, broke with communism and Auden and went on to produce some of his most popular and enduring verse, prompted by his long love affair with the novelist, Rosamond Lehmann. Torn between her and his wife, he reflected on his double life in verse and became for some the supreme poet of the divided heart. Later, with his second wife, the actress Jill Balcon, he promoted poetry with a series of popular recitals and radio and television programmes. Together, they had two children, Tamasin and Daniel, later an Oscar-winning actor. Day-Lewis was always pulled between a fulfilling domestic life and a restless desire to explore. His travels, his exploration of his Irish roots and his infidelities are all part of the rich and many-faceted life that Peter Stanford describes. It is, however, as a poet that he is best remembered, and the poetry itself, often autobiographical, forms an integral part of this intriguing and long-overdue biography.

Robert Palmer's extraordinary knowledge and boundless love of music were evident in all his writing. A member of the elite group of the defining rock critics who emerged in the 1960s and 1970s, Palmer possessed a vision so complete that, as DeCurtis writes, "it's almost as if, if you read Bob, you didn't need to read anyone else." **Blues & Chaos** features some of his most memorable pieces about John Lennon, Led Zeppelin, Moroccan trance music, Miles Davis, Jerry Lee Lewis, Philip Glass, and Muddy Waters. Lewis and Clark Jul 06 2020 On May 14, 1804, a party of explorers dispatched by President Thomas Jefferson set off up the Missouri River into America's newly acquired Louisiana Territory. Under the leadership of Meriwether Lewis and William Clark, the men of the Corps of Discovery would cross the continent and into history. Here, from award-winning historian Ralph K. Andrist, is the dramatic story of their epic journey.

Death of Meriwether Lewis Jul 18 2021 Even after more than two centuries, mystery continues to surround Meriwether Lewis's death—did the famous explorer commit suicide or was he murdered? Recently revealed truths and deconstructed myths are woven together in this fascinating account to form an unforgettable tale of political corruption, assassins, forged documents, and skeletal remains. New research implicating General James Wilkinson—commanding general of the U.S. Army and coconspirator of Aaron Burr—as the assassin is thoroughly discussed, while riveting testimony from 13 leading experts in wound ballistics, forensic anthropology, suicide psychology, grave-site exhumation, and handwriting analysis offers new insight into what Lewis's exhumed remains might reveal. The new evidence not only destroys the foundation of suicide arguments by proving the primary evidence is a forgery, it also proves the Indian Agent escorting Lewis lied about his activities on the day of Lewis's death. The book also contains evidence of a previously unknown plot by Aaron Burr to seize New Orleans and invade Mexico in 1809, a repeat of his 1806 plot. It explains why Lewis suddenly changed his plans to travel to Washington, DC, by boat, and instead chose to go overland on the Natchez Trace, where he met his untimely death on October 11, 1809, at age 35.

C.P. Lewis: The Champion Cricketer of South Wales Jun 28 2022 Charles Prytherch Lewis (1853-1923), quick bowler and hard hitting batsman, played an important part in the rise of Welsh cricket, despite his background in rural Carmarthenshire, away from big towns and cities. From Llandovery he went on to play for Oxford University, in 1876, at a time when that ancient institution supplied top cricketers, athletes and footballers (in two codes), to the world. He took seven for 35 in his first-ever first-class match, and was one of the first Welshmen to play for Oxford. Returning to Llandovery, he enthused cricketers and rugby players, and built up the College into a formidable sporting force. He himself played for the South Wales Cricket Club, Glamorgan's predecessor, and represented Wales in several early international rugby matches. Later, he brought his skills as a lawyer to bear on the organisations running those two games. And long after his skills had declined, he 'turned out' for Carmarthenshire in Minor Counties championship cricket. Using material from a range of sources, Bob Harragan and Andrew Hignell, two specialists in Welsh cricket history, bring together – for the first time – a full tale of one of the big men in Welsh cricket and rugby.

The Lewis and Clark Journals Jun 24 2019 The diaries and personal accounts of William Clark, Meriwether Lewis, and other members of their expedition chronicle their epic journey across North America in search of a river passage to the Pacific Ocean and describe their encounters with the Native American peoples of the West, exotic flora and fauna, and amazing natural wonders.
