Medical-Surgical Nursing Jun 25 2019 Providing a solid foundation in medical-surgical nursing, Susan deWit's *Medical-Surgical Nursing: Concepts and Practice, 3rd Edition* ensures you have the information you need to pass the NCLEX-PN® Examination and succeed in practice. Part of the popular LPN/LVN Threads series, this uniquely understandable, concise text builds on the fundamentals of nursing, covering roles, settings, and health care trends; all body systems and their disorders; emergency and disaster management; and mental health nursing. With updated content, chapter objectives, and review questions, this new edition relates national LPN/LVN standards to practice with its integration of QSEN competencies, hypertension, diabetes, and hypoglycemia. Concept Maps in the disorders chapters help you visualize difficult material, and illustrate how a disorder's multiple symptoms, treatments, and side effects relate to each other. Get Ready for the NCLEX® Examination! section includes Key Points that summarize chapter objectives, additional resources for further study, review questions for the NCLEX® Examination, and critical thinking questions. Nursing Care Plans with critical thinking questions provide a clinical scenario and demonstrate application of the nursing process with updated NANDA-I nursing diagnoses to individual patient problems. Anatomy and physiology content in each body system overview chapter provides basic information for understanding the body system and its disorders, and appears along with Focused Assessment boxes highlighting the key tasks of data collection for each body system. Assignment Considerations, discussed in Chapter 1 and highlighted in feature boxes, address situations in which the RN delegates tasks to the LPN/LVN, or the LPN/LVN assigns tasks to nurse assistants, per the individual state nurse practice act. Gerontologic nursing presented throughout in the context of specific disorders with Elder Care Points boxes that address the unique medical-surgical care issues that affect older adults. Safety Alert boxes call out specific dangers to patients and teach you to identify and implement safe clinical care. Evidence-based Practice icons highlight current references to research in nursing and medical practice. Patient Teaching boxes provide step-by-step instructions and guidelines for post-hospital care - and prepare you to educate patients on their health condition and recovery. Health Promotion boxes address wellness and disease prevention strategies that you can provide in patient teaching. NEW! Content updated with the most current health care standards, including QSEN competencies, hypertension, diabetes, and hypoglycemia, to relate national standards to LPN/LVN practice. UPDATED! Revised chapter objectives and content reflects higher-level critical thinking, communication, patient safety, and priority setting. UPDATED! Get Ready for the NCLEX®! review questions updated per the 2014 NCLEX-PN® test plan.

Four Caribbean Women Playwrights Oct 29 2019 *Four Caribbean Women Playwrights* aims to expand Caribbean and postcolonial studies beyond fiction and poetry by bringing to the fore innovative women playwrights from the French Caribbean: Ina Césaire, Maryse Condé, Gerty Dambury, Suzanne Dracius. Focussing on the significance of these women writers to the French and French Caribbean cultural scenes, the author illustrates how their work participates in global trends within postcolonial theatre. The playwrights discussed here all address socio-political issues, gender stereotypes, and the traumatic slave and colonial pasts of the Caribbean people. Investigating a range of plays from the 1980s to the early 2010s, including some works that have not yet featured in academic studies of Caribbean theatre, and applying theories of postcolonial theatre and local Caribbean theatre criticism, *Four Caribbean Women Playwrights* should appeal to scholars and students in the Humanities, and to all those interested in the postcolonial, the Caribbean, and contemporary theatre.

Video Atlas of Spine Surgical Techniques Aug 08 2020 This video atlas covers a broad range of spinal surgical procedures. The volume includes a collection of high quality 3-to-8 minute videos of some of the most critical spine operations performed by internationally renowned expert surgeons. Disciplinary Literacy and Gamified Learning in Elementary Classrooms Dec 24 2021 This textbook provides real world examples of how disciplinary literacy can incorporate gamified learning opportunities in elementary classrooms (grades K-5 or ages 5-11). It also presents concrete examples of how to seamlessly integrate literacy within other subjects in engaging and unique ways. Furthermore, this text offers practical information related to pedagogy, content, and differentiation for each lesson. Preservice teachers, practicing teachers, instructional coaches, and administrators can benefit from this user-friendly text and its companion digital components, allowing for replication of lessons based on national standards, backed by best-practices, and supported by differentiated pedagogy. This unique volume begins with engineering marvels that span across centuries and locations. The eight chapters focus on the following marvels in chronological order: Great Pyramid of Giza, Stonehenge, Leaning Tower of Pisa, Great Wall of China, Machu Picchu, Panama Canal, Golden Gate Bridge, and International Space Station. By focusing on these specific examples of human ingenuity, opportunities are created to delve into the historical and social aspects of each chapter's focus. There are also occasions to explore the artistic merit and the art created about and around each focus. Additional teaching opportunities lie in understanding the science, engineering, technology, and math embedded in all featured marvels. Each chapter features an adventure roadmap in the form of a narrative quest set against the chapter's marvel that guides teachers and student players through embedded activities. Activities are designed for lower elementary school (grades K-2 or ages 5-8) and upper elementary school (grades 3-5 or ages 8-11). Instructional support for both novice and career teachers is provided through differentiation strategies, resource materials, and teaching tips.

Broadcasting and Politics in Western Europe Aug 27 2019 The changing face of Western European broadcasting provides a fascinating subject of study for the contemporary observer. In part this is because the structures of different national broadcasting systems have altered over the past few years with the growth of new radio stations and television channels. A by-no-means exhaustive checklist of such developments would include inter alia the creation of Channel 4 in Britain, the recent launching of Canal plus in France, the de facto establishment of private television networks in Italy, the introduction of a second channel in Ireland, the beginnings of re.

The Canal Builders May 29 2022 A revelatory look at a momentous undertaking—from the workers' point of view The Panama Canal has long been celebrated as a triumph of American engineering and ingenuity. In *The Canal Builders*, Julie Greene reveals that this emphasis has obscured a far more remarkable element of the historic enterprise: the tens of thousands of

workingmen and workingwomen who traveled from all around the world to build it. Greene looks past the mythology surrounding the canal to expose the difficult working conditions and discriminatory policies involved in its construction. Drawing extensively on letters, memoirs, and government documents, the book chronicles both the struggles and the triumphs of the workers and their families. Prodigiously researched and vividly told, *The Canal Builders* explores the human dimensions of one of the world's greatest labor mobilizations, and reveals how it launched America's twentieth-century empire.
