The Clever Guts Diet Feb 01 2020 ****AS SEEN ON CHANNEL 4**** Your gut is astonishingly clever. It contains millions of neurons - as many as you would find in the brain of a cat - and is home to the microbiome, trillions of microbes that influence your mood, your immune system, and even your appetite. In this groundbreaking book, Dr. Mosley takes us on a revelatory journey through the gut, showing how junk food and overuse of antibiotics have wiped out many good gut bacteria, leading to a modern plague of allergies, food intolerances, and obesity. Drawing from the latest cutting-edge research, Dr. Mosley provides scientifically proven ways to control your cravings, boost your mood, and lose weight by encouraging a more diverse microbiome and increasing the good bacteria that keep you healthy.Packed with delicious, healing recipes, meal plans, checklists, and tips. The Clever Guts Diet includes all the tools you need to transform your gut and your health, for life.

Life Without Diabetes: the Definitive Guide to Understanding and Reversing Type 2 Diabetes Mar 04 2020 From the global pioneer whose work inspired The 8 Week Blood Sugar Diet, a life-changing guide to reversing type 2 diabetes. For centuries type 2 diabetes was regarded as an incurable, lifelong condition. Even worse, it seemed to be inevitably progressive - but no longer. Professor Roy Taylor is one of the world's leading experts on type 2, the man who in 2006 finally found the missing piece of the jigsaw explaining that it was actually a reversible condition. With his team of researchers at Newcastle University, he launched a series of studies leading to a remarkable, multi-million-dollar trial, which in 2019 confirmed that simple advice about diet could bring about lasting remission. In this book, Taylor brings all the knowledge and experience of four decades of treating people with diabetes. He explains exactly what is happening in the body as type 2 diabetes develops and shows how you can live a full and healthy life beyond it. 'Roy Taylor and his team at Newcastle University have not only cracked the mystery of what causes type 2 diabetes, the greatest health problem of our time, but shown the world how to get rid of it. This is a terrific book, which could help a huge number of people.' Dr Michael Mosley, bestselling author of The Fast 800, The Clever Guts Diet and The 8-week Blood Sugar Diet 'Professor Taylor's remarkable tenacity in researching the concept that some people are able to put their type 2 diabetes into remission is changing how we think about and treat this pervasive condition.' Elizabeth Robertson, Director of Research, Diabetes UK 'This fine book contains good science, good writing and good advice in equal measure. It is both fascinating and useful for readers.' Matt Ridley, author of The Evolution of Everything 'When I met Roy in 2012, I had type 2 diabetes - and he showed me another way. Now my blood sugars are normal and my diabetes is a thing of the past.' Dave Myers, Hairy Biker 'Fascinating, informative and, in today's world, important. For anyone with type 2 diabetes it's a no-brainer; follow Roy's roadmap and reverse it. And if you haven't got type 2 diabetes - yet - follow Roy's roadmap and avoid it.' Jimmy Nail, actor and musician

[Davina's 5 Weeks to Sugar-Free](#) Jan 14 2021 'Hi, my name is Davina, and I'm a sugar addict . . .' Davina McCall loves a challenge. And giving up sugar has been one of her toughest yet. In this beautiful cookbook, Davina shares her favourite super-healthy recipes that have helped her kick the sugar habit and cut out junk food for good. These recipes: *are easy to make but taste amazing *contain the foods that help you look and feel great *have no long lists of scary, hard-to-find ingredients This is real food for real life! **5 WEEKS TO SUGAR-FREE** also includes a 5 week meal planner that works towards curbing sweet cravings and cutting out all processed foods. Davina is no guru, she's one of us, so her plan also includes pudding recipes that help the most sweet-toothed chocoholic kick the added sugar habit. Simple, delicious and brimming with flavour, these recipes take the faff out of sugar-free!

[Fast 800 Keto](#) Jan 02 2020 ****THE NUMBER 1 BESTSELLER!**** AS SEEN ON CHANNEL 4'S 'LOSE A STONE IN 21 DAYS', A NEW PROGRAMME FOR ACCELERATED WEIGHT LOSS COMBINING KETO WITH THE HUGELY POPULAR FAST 800 "A brilliantly informative book on how to optimise a keto diet." Daily Mail A keto diet - where you flip your metabolic switch, going from burning sugar to burning fat for fuel - leads to significant weight loss and other potential health benefits. But one of the challenges of a standard low-carb, high-fat keto diet is that it can be hard to stick to. Dr Michael Mosley's Fast 800 Keto is both more effective than a conventional keto regime, and healthier and more sustainable. The secret to this new approach is that it combines keto with intermittent fasting, which means you go into ketosis faster, while also being able to enjoy delicious Mediterranean-style food. Based on the latest dietary science, this book presents a simple, highly flexible three-step programme to ensure you lose weight rapidly and safely, while preserving your metabolic rate. It includes protein-rich, low-carb recipes and easy-to-follow menus from bestselling author Dr Clare Bailey, and all the other tools you need to shift stubborn fat and transform your health for good.

[Your Guide to Dealing with Diabetes](#) Jul 08 2020

The FastDiet - Revised & Updated Apr 04 2020 "This new diet allows users to eat whatever they like five days a week and then fast (consuming 500-600 calories/day) for two nonconsecutive days-- and lose weight quickly and easily"--

The FastDiet Cookbook Aug 21 2021 "The indispensable companion to the #1 New York Times bestselling diet book the FastDiet became an instant international bestseller with a powerful, life-changing message: it's possible to lose weight and reduce your risk of diabetes, cardiovascular disease, and cancer, all while eating what you would normally eat five days a week. You simply cut your caloric intake two days a week--to 500 calories for women, 600 for men. But as FastDiet author Dr. Michael Mosley says, "It's not really fasting. It's just a break from your normal routine." This fabulous new cookbook offers 150 carefully crafted, nutritious, low-calorie recipes to enable you to incorporate the FastDiet into your daily life. Ranging from simple breakfasts to leisurely suppers, the recipes are all expertly balanced and calorie-counted by FastDiet coauthor Mimi Spencer (a devotee of the diet herself!) and nutritionist Dr. Sarah Schenker. From soups to meat dishes to delicious fish-based meals, the recipes are designed to fill you up and stave off hunger--even though none is over 500 calories. There are also detailed menu plans and plenty of encouraging tips, including kitchen-cupboard essentials, the latest nutritional advice, and a whole section of speedy meals for busy days. With an introduction to the diet itself--detailing its many scientifically backed health benefits and the transformative results achieved by hundreds of thousands of readers--this book is an essential follow-up companion guide to the FastDiet. With the FastDiet Cookbook, you will never have to worry about planning your fast days again!"--

Diabetes Jun 26 2019 After reading this book you will learn all about on how to Manage Blood Sugar Through Diet The Health and Wellness Benefits Will Be Incredible! If you are suffering from diabetes, have been warned that you are pre-diabetic, or if you just have some significant shifts in your blood sugar levels, you need to focus on eating a healthy diet with well-balanced meals that are low in both carbohydrates and in sugars. Carbohydrates and sugars go hand in hand in disrupting your blood sugar levels, and this can cause your blood sugar to spike and then drop dramatically low. Whether it is spiking or falling, that isn't good; you need to keep your blood sugar at a constant, healthy level. In order to maintain a normal blood sugar level, you need to change the way you are eating. The food we consume has a direct impact on the amount of sugar in our systems. It goes without saying that if you eat no sugar, there can be no sugar in your blood. Of course, that isn't good, either-again, a healthy level must be maintained at all times. This means monitoring your food and choosing healthy, balanced recipes to prepare for yourself at home, so that you can be certain of the ingredients that are included in your foods. And that is where this book comes in! With this book, you will be able to learn thirty new and exciting recipes to help spice up your breakfasts, lunches, and dinners. Your low-carb, low-sugar, diabetic friendly meals do not have to be boring and bland! This book is here to provide you with enough recipes to keep your cooking muse feeling inspired for months to come. The book also supplies you with a suggested week-long meal plan and shopping list to help you figure out your weekly menus. After reading this book, you will want to run into the kitchen and get started preparing a new, exciting, and delicious meal right away! This is A Preview Of What You'll Learn... how to eat on a diabetic diet 30 delicious and tasty recipes a week-long meal plan shopping lists and much, much more! Would You Like To Know More? Download your copy today! Take action NOW and download "Managing Blood Sugar Through Diet 30 Delicious Low-Carb, Low-Sugar Recipes Approved for a Diabetic Diet" for a limited time discount of only \$2.99! Available on PC, Mac, smart phone, tablet or Kindle device. (c) 2015 All Rights Reserved Tags: #Diabetes #Diabetes Cookbook #Diabetes Diet

The Diabetes Code Oct 23 2021 From acclaimed author Dr. Jason Fung, a revolutionary guide to reversing diabetes. Dr. Jason Fung forever changed the way we think about obesity with his best-selling book, The Obesity Code. Now he has set out to do the same for type 2 diabetes. Today, most doctors, dietitians, and even diabetes specialists consider type 2 diabetes to be a chronic and progressive disease—a life sentence with no possibility of parole. But the truth, as Dr. Fung reveals in this paradigm-shifting book, is that type 2 diabetes is reversible. Writing with clear, persuasive language, he explains why conventional treatments that rely on insulin or other blood-glucose-lowering drugs can actually exacerbate the problem, leading to significant weight gain and even heart disease. The only way to treat type 2 diabetes effectively, he argues, is proper dieting and intermittent fasting—not medication. Dr. Jason Fung forever changed the way we think about obesity with his best-selling book, The Obesity Code. Now he has set out to do the same for type 2 diabetes. It's never too late to fight off diabetes, and with the recipes in The 8-Week Blood Sugar Diet Cookbook, it's possible to ensure more long-term health benefits in an easy and effective manner!

FastExercise Apr 16 2021 From the #1 New York Times bestselling author of The 8-Week Blood Sugar Diet and The FastDiet comes a new revolution in fitness. Lose weight and dramatically improve your health with high intensity training—just ten minutes a day, three times a week. Hailed as “a health revolution” by the New York Times, Michael Mosley's FastDiet—also known as the 5:2 diet—gave the world a healthy new way to lose weight through intermittent fasting. Now, Dr. Mosley addresses the essential complement to the FastDiet—FastExercise—teaming up with leading sports scientist Professor Jamie Timmons and super-fit health journalist Peta Bee to turn conventional wisdom on its head when it comes to working out. Responding to the latest research on high-intensity training (HIT), FastExercise dispenses with the practice of boring, time-consuming regimens, demonstrating that all it takes is half an hour a week to lower blood glucose levels, reduce your risk for disease, help you lose weight, and maximize your overall health. Throughout the book, the authors offer a range of workouts that take just ten minutes a day, three times a week, and can be done anytime, anywhere. Whether it's pedaling at high resistance while waiting for your kettle to boil or holding a plank during commercials, research has shown the extraordinary impact that ultra-short bursts of HIT can have, whatever your age or level of fitness. In addition, Michael Mosley and Peta Bee break down the science behind this radically different approach to exercise and give you the tools to take advantage of the most flexible and efficient method out there. It's a practical, enjoyable way to get maximal benefits in minimal time, short and fast, something that can become a sustainable part of your routine, as instinctive as brushing your teeth.

The Fast Diet Dec 13 2020 Originally published in New York by Atria Books, 2013.

[The 8-Week Blood Sugar Diet](#) Nov 04 2022 ****AS SEEN ON CHANNEL 4**** Dr Michael Mosley, author of the bestselling 5:2 Fast Diet, reveals a game-changing approach to one of the greatest silent epidemics of our time - raised blood sugar levels. The food we eat today, high in sugar and easily digestible carbohydrates, is not only making us fat, but is putting us at risk of type 2 diabetes, strokes, dementia, cancer and a lifetime on medication. More than a third of adults in the UK now have raised blood sugar levels and most don't know it. In this timely book, Dr Mosley explains why we pile on dangerous abdominal fat and shows us how to shed it, fast. He demolishes common myths, such as the claim that steady weight loss is always better than rapid weight loss and that those who lose weight rapidly will inevitably put it back on. This is a book not just for those at highest risk but for anyone who has struggled with their weight and wants to regain control of their health.

[The Fast 800](#) May 30 2022 **FROM THE CREATOR OF THE INTERNATIONAL BESTSELLING 5:2, A SIMPLE, FLEXIBLE NEW WEIGHT LOSS PROGRAMME BASED ON GROUNDBREAKING SCIENCE** 'The most eagerly awaited health book of the year.' Daily Mail Dr Michael Mosley started a health revolution with The 5.2 Fast Diet, telling the world about the incredible power of intermittent fasting. In this book he brings together all the latest science - including a new approach: Time Restricted Eating - to create an easy-to-follow programme. Recent studies have shown that 800 calories is the magic number when it comes to successful dieting - it's an amount high enough to be manageable but low enough to speed weight loss and trigger a range of desirable metabolic changes. The secret of this new programme is that it is highly flexible - depending on your goals, you can choose how intensively you want to do it. Along with delicious, low-carb, Mediterranean-style recipes and menu plans by Dr Clare Bailey, The Fast 800 offers an effective way to help you lose weight, improve mood and reduce blood pressure, inflammation and blood sugars. Take your future health into your own hands.

[Clever Guts Diet Recipe Book](#) Jul 20 2021 ****The fabulous companion recipe book to Michael Mosley's bestselling CLEVER GUTS DIET**** Your gut is key to your physical and mental wellbeing - home to your microbiome, an army of microbes that influences your weight, mood and immune system. In this companion book to Dr Michael Mosley's bestselling Clever Guts Diet, Dr Clare Bailey, GP and wife of Dr Mosley, offers the definitive toolkit for bringing your gut back to optimum health. With 150 delicious recipes, ranging from healing broths and fermented foods to enzyme-stimulating salads and meals rich in pre- and probiotics, this book shows you how to put into practice Dr Mosley's revolutionary two-phase gut repair programme and then to incorporate the core principles into your daily life. Whether you are an IBS sufferer, have a food intolerance, or are simply looking to undo the damage done by processed foods and antibiotics, The Clever Guts Diet Recipe Book is packed with nutritional information, meal planners and all the advice you need to mend your gut and boost your health and wellbeing.

[The Blood Sugar Solution Cookbook](#) Jan 26 2022 Following Dr. Hyman's scientifically based program for rebalancing insulin and blood sugar levels, this cookbook presents 175 delectable recipes that are free of allergens and harmful inflammatory ingredients. In The Blood Sugar Solution Cookbook, Dr. Mark Hyman shares recipes that support the Blood Sugar Solution lifestyle. In 1900, only two percent of meals in America were eaten outside the home; now it is over fifty percent. Dr. Hyman calls for readers to take back their health by taking back their kitchens. Readers will exchange toxic factory-made foods for nutritious and easy-to-make dishes such as Chicken Satay with Peanut Sauce, Mexican Shrimp Ceviche, Tuscan Zucchini Soup, Raspberry Banana Cream Pie Smoothie, Chocolate Nut Cake, and more. The Blood Sugar Solution Cookbook will illuminate your inner nutritionist and chef.

[The 30 Minute Diabetes Cookbook](#) May 06 2020 The Sunday Times Bestseller 'The cookbook every diabetic needs.' - Dr Aseem Malhotra From the bestselling authors of The Diabetes Weight-loss Cookbook Being diagnosed with prediabetes or type 2 diabetes can be a real shock. How do you try to lose weight and eat healthily when you also have so little time to cook and shop? Giancarlo Caldesi has successfully lost 4 stone and kept his diabetes in remission for over 8 years. He and his wife, Katie, share their knowledge and experience alongside 100 mouthwatering low-carb recipes that can be made in just 30 minutes or less to help you eat well every day. Suitable for the whole family, there are weekday suppers, no-cook meals to throw together in minutes, feasts to feed friends and celebrate special occasions and even scrumptious desserts. With the unique combination of two chefs, pioneering GP and diabetes specialist Dr David Unwin (@lowcarb) and highly respected nutritionist Jenny Phillips, this essential book provides a complete plan for beating diabetes for good.

[Outsmart Your Diabetes](#) Sep 09 2020 This is not a "cure" or quick fix for diabetes. It is, however, designed to break down the overwhelming task of reversing diabetes - but with a twist. You will end up with an individualized approach to reverse your course toward diabetes. I will take you one step at a time through the process. If you have type 2 diabetes and want to take charge of your blood sugar and your health, this book is for you. If you are sick of following diet after diet and not getting the results you want, this book is for you. Diabetes may someday become your reality, but the extent to which it impacts your life can be controlled. There is much to cover as we move ahead. I recommend reading a little at a time and writing down your action plans in a dedicated notebook. If you start to get overwhelmed - slow down! Focus on what resonated with you and take time to get comfortable with it. You may be excited to forge ahead, but you also want to allow what you've learned to become familiar and natural. This will help sustain your progress. Remember - slow and steady wins the race. Food is medicine. Ultimately, the goal is to acquire all the benefits that food can provide to achieve the healthiest lifestyle possible. Join me on this journey to optimal health with diabetes. I am your guide, so strap in and hold and enjoy this quest, as we shift this life as you know it, and throw diabetes in reverse.

[The Diabetes Weight-Loss Cookbook](#) Jun 06 2020 As seen on ITV's Save Money: Lose Weight 'I've got this book and it's fantastic' Tom Watson, former Deputy Leader of the Labour Party 'an inspiring recipe book' Daily Mail 'The food has been filling and quite simple to make... I'm not missing anything. I am satisfied.' Sharon, tester on ITV's Save Money: Lose Weight 'I believe we have eaten our way into this epidemic of diabetes and obesity and that we can eat our way out of it' Dr David Unwin from his Foreword In 2012 Giancarlo Caldesi was diagnosed with type 2 diabetes. Since adopting a low-carb diet he has lost almost 4 stone and put his diabetes into remission - transforming his and his family's health. Working with nutritionist Jenny Phillips, Giancarlo and his wife Katie show you how to enjoy a low carb but not no-carb way of life with simple recipes using easy-to-source ingredients that will fill you up without fattening you up. Steak and Chips are still on the menu, as are delicious curries such as Butter Chicken and Spinach Paneer, even puddings like Hot Chocolate Pots or Peanut Butter & Jelly Cake. An initial diagnosis of diabetes can be shocking and the masses of information daunting, but Katie and Giancarlo share their personal experience of diabetes and weight loss to empower you to make your own informed decisions about food, without sacrificing any of the flavour.

[Mastering Diabetes](#) Sep 21 2021 The instant New York Times bestseller. A groundbreaking method to master all types of diabetes by reversing insulin resistance. Current medical wisdom advises that anyone suffering from diabetes or prediabetes should eat a low-carbohydrate, high-fat diet. But in this revolutionary book, Cyrus Khambatta, PhD, and Robby Barbaro, MPH, rely on a century of research to show that advice is misguided. While it may improve short-term blood glucose control, such a diet also increases the long-term risk for chronic diseases like cancer, high blood pressure, high cholesterol, chronic kidney disease, and fatty liver disease. The revolutionary solution is to eat a low-fat plant-based whole-food diet, the most powerful way to reverse insulin resistance in all types of diabetes: type 1, type 1.5, type 2, prediabetes, and gestational diabetes. As the creators of the extraordinary and effective Mastering Diabetes Method, Khambatta and Barbaro lay out a step-by-step plan proven to reverse insulin resistance-the root cause of blood glucose variability- while improving overall health and maximizing life expectancy. Armed with more than 800 scientific references and drawing on more than 36 years of personal experience living with type 1 diabetes themselves, the authors show how to eat large quantities of carbohydrate-rich whole foods like bananas, potatoes, and quinoa while decreasing blood glucose, oral medication, and insulin requirements. They also provide life-changing advice on intermittent fasting and daily exercise and offer tips on eating in tricky situations, such as restaurant meals and family dinners. Perhaps best of all: On the Mastering Diabetes Method, you will never go hungry. With more than 30 delicious, filling, and nutrient-dense recipes and backed by cutting-edge nutritional science, Mastering Diabetes will help you maximize your insulin sensitivity, attain your ideal body weight, improve your digestive health, gain energy, live an active life, and feel the best you've felt in years.

[The 8-Week Blood Sugar Diet](#) Sep 02 2022 A guide to defeating diabetes without drugs--including a step-by-step diet plan, recipes, and the science behind why the program works.

[I Quit Sugar](#) Dec 01 2019 **NEW YORK TIMES BESTSELLER** • A week-by-week guide to quitting sugar to lose weight, boost energy, and improve your mood and overall health, with 108 sugarfree recipes. "Life without sugar is much sweeter than I ever imagined it would be."—Shauna Ahern, Gluten-Free Girl Sarah Wilson thought of herself as a relatively healthy eater. She didn't realize how much sugar was hidden in her diet, or how much it was affecting her well-being. When she learned that her sugar consumption could be the source of a lifetime of mood swings, fluctuating weight, sleep problems, and thyroid disease, she knew she had to make a change. What started as an experiment to eliminate sugar—both the obvious and the hidden kinds—soon became a way of life, and now Sarah shows you how you can quit sugar too: • Follow a flexible and very doable 8-week plan. • Overcome cravings. • Make food you're excited to eat with these 108 recipes for detox meals, savory snacks, and sweet treats from Sarah Wilson and contributors including Gwyneth Paltrow, Curtis Stone, Dr. Robert Lustig (The Fat Chance Cookbook), Sarma Melngailis (Raw Food/Real World), Joe "the Juicer" Cross, and Angela Liddon (Oh She Glows). I Quit Sugar makes it easy to kick the habit for good, lose weight, and

feel better than ever before. When you are nourished with delicious meals and treats, you won't miss the sugar for an instant.

2-Day Diabetes Diet Feb 24 2022 Diet just 2 days a week to drop the pounds and dodge type 2 diabetes! In a recent study, researchers in the UK found that restricting carbohydrates just two days per week was superior to a standard, daily calorie-restricted diet for both reducing weight (about 9 pounds lost vs 5 pounds) and lowering insulin levels (reduced by 22% vs 4 %). Based on this and other research indicating that safe weight loss is the key to reversing and preventing diabetes, Reader's Digest has partnered with registered dietitian and diabetes expert Erin Palinski to distill the latest science to create an easy-to-follow plan that allows people with diabetes to have their cake—and other carbs—and still keep their blood sugar under control. A diagnosis of diabetes can be overwhelming and frightening, and even many of those who have lived with diabetes for years often struggle with the question of what they can eat. The 2-Day Diabetes Diet makes it simple—there are no forbidden foods and no carb-counting. You just need to restrict what you eat for 2 days a week—and research suggests you will see the pounds drop off, your blood sugar levels stabilize, and your waist shrink. On those 2 days a week, you follow the low-carb “Power Burn” program, and consume approximately 600 calories of selected foods. What does that look like on your plate? How about a 2-egg omelet with onions and peppers plus yogurt for breakfast; a hearty bowl of carrot soup plus fresh fruit for lunch; meatloaf and broccoli for dinner with milk; and a cup of sweet grapes for a snack? Or Canadian bacon and spinach for breakfast with a cup of milk; vegetable soup and half a banana topped with peanut butter for lunch; grilled chicken and zucchini over pasta for dinner; and an orange with a cup of milk for a snack. With real delicious food filling your tummy, you won't believe it all adds up to only about 600 calories. For the rest of the week, you follow a delicious 1500-calorie-a-day Mediterranean-style eating plan—we call these “Nourishment” days. You can enjoy a bounty of brightly colored fruits and vegetables, lean proteins, whole grains, and even a few treats. The book will include: A 2-week day-by-day meal plan that lays out sample Power Burn and Nourishment days More than 60 meal options, including restaurant and frozen food options, so you can customize the menus to your taste and lifestyle More than 50 delicious diabetes-friendly recipes An optional easy walking and strength-training program to boost results even more Stress-reducing exercises to help you ward off cravings and reduce hunger Success stories from the 10 men and women who tried the plan with amazing results! The plan is designed to be flexible—you can do your Power Burn days whenever works for you, and you can personalize almost any meal to suit your tastes—and will work for both people with type 2 diabetes and those at risk.

Diabetic Cookbook for the Newly Diagnosed Aug 28 2019 ??The Ultimate Diabetic Cookbook You Need: 500 Recipes to Help You Reverse Type 2 Diabetes. 6 WEEK CHALLENGE BLOOD SUGAR DIET. Jun 18 2021

The Fast800 Diet Nov 23 2021 Lose up to twenty pounds in four weeks! Discover the next major “health revolution” (The New York Times) with this cutting-edge new program that will help you lose weight, beat disease, and live longer with intermittent fasting—from the #1 New York Times bestselling author of The FastDiet. Millions of people worldwide have lost weight and reversed disease using Dr. Mosley's The FastDiet, which revealed the incredible power of intermittent fasting. Clinical studies show that fasting not only helps you lose weight fast, but also improves blood sugar levels and heart health, boosts brain health and function, and is even proven to reduce the risk of cancer recurrence. Drawing on the latest research and his personal experience gaining and then losing fourteen pounds, “the world's top gut health guru” (Dr. Barry Marshall, winner of the Nobel Prize for Medicine) returns with an even more effective—yet easier to follow—diet plan designed to reap maximum fasting benefits. The Fast800 Diet pinpoints the ideal fasting calorie count for health and weight loss: 800. Built around a more manageable 800-calorie fasting day—whether that's 800 calories every day until you achieve your goals, or 800 calories twice a week—Dr. Mosley's powerful three-phase program is designed to supercharge weight loss and fast-track a healthier life. Phase 1: A powerful jumpstart designed to accelerate weight loss. Phase 2: Fast twice a week to sheds pounds without slowing your metabolism. Phase 3: Discover how to keep the weight off—without calorie counting. Complete with over fifty-five delicious recipes, four weeks of meal plans, and inspiring success stories, The Fast800 Diet is a simple and life-changing program that gets you real world results.
